COMPOSITION: Essential Fatty Acids , Rosmarinic acid , oleuropein , Betanina , Mineral Salts . Anticaking .

SPECIFICATIONS:

Appearance: Red Powder to Garnet (color variations depending on formulation and pH dependence of the application).

pH : 3-5

Moisture : <6 % (K -F)

Density: n / a

Heavy Metals : < 0,006 ppm (Pb)

T.V.C. : Max 250 cfu / g

E. Coli: Not Detected

Residual Solvents : <7 ppm

Solubility: Soluble in water .

Stability: Heat resistant to 162 ° C

LEGISLATION :

Natural Ingredients

FDA : GRAS -E

/ LABELING:

CLEAN LABEL

ND Pharma & Biotech

PACKAGING AND STORAGE:

25 kg bags .

In container tightly closed in a cool , dry place photo- preserved .

EXPIRY :

24 Months in the above conditions .

DOSE:

Quantum satis depending on the desired effect .

APPLICATIONS:

Beverages , Confectionery , Ice Cream , Confectionery , Prepared Fruit , Fish and Fish Products, Dairy, Soups . Fresh Meats and Cooked Sausages , Salami , Mortadella , Salami, etc.
