Nuestra Compañía

ND Pharma & Biotech es una empresa líder en investigación y desarrollo, que ofrece diferentes soluciones imaginativas y avanzadas para sectores industriales, profesionales y técnicos muy variados, en campos que abarcan desde la alimentación, la salud humana y animal, la farmacia, la biotecnología o el descubrimiento de nuevas entidades químicas y moléculas especiales. Nuestro impresionante portafolio de referencias supera las 160.000, desde los productos y materias primas más clásicos hasta los más avanzados y novedosos. Nuestros productos de gama o compuestos formulados de manera específica para cada problema planteado por nuestros clientes y colaboradores así como por la industria en general. Seguimos investigando y creciendo para ofrecer cada día lo mejor de nosotros, siempre dentro de nuestros objetivos como empresa, nuestra misión, nuestra visión y sobre todo, nuestros valores.

Como compañía global, nuestro éxito comercial depende exclusivamente de nuestra habilidad y capacidad técnico-científica para crear productos innovadores y marcas, y que ese valor sea accesible a la mayor cantidad posible de consumidores y personas en los sectores en los que estos sean necesarios y demandados. Nuestra estrategia de crecimiento esta marcada por los desafíos que el actual clima económico y empresarial impone, y que estamos sufriendo de modo generalizado en todo el planeta. A pesar de ello, hemos continuado progresando en nuestra estrategia de negocio de un modo sostenible, haciendo que nuestros productos y servicios puedan llegar a todo el mundo, y estableciendo nuevas y prometedoras asociaciones con empresas solventes y de primer orden, para situarnos en primera línea de investigación, desarrollo e innovación y crear marcas consolidadas que valoricen y nos permitan compartir nuestros esfuerzos e implementarlos en sus procesos y productos simplificando sus operaciones.

Estos elementos conjugados de manera eficiente, hacen posible que se establezca y crezca la cadena de valor que rodea y atañe a cada uno de nuestros productos y servicios en la línea ascendente que nuestra compañía ha trazado desde el inicio de actividades de nuestra sociedad matriz, hasta el verdadero origen de nuestra pequeña gran familia como empresa independiente y entidad autónoma, y que significó nuestro punto de partida real. Una impresionante cartera de investigación y desarrollo activa, valorada en más de 750 Millones de GBP, (Great Britain Pounds), nuestra coordinación y dirección científica, atesora, un valor incalculable de posibilidades y perspectivas de desarrollo, impracticables en soledad.

Por esa y otras razones, nuestra compañía promociona y establece lazos y asociaciones estratégicas con compañías existentes, la mayoría líderes en los mercados para establecer bases comunes de progreso y desarrollo a través de la mutua y recíproca colaboración.

Our Company

ND Pharma & Biotech is an European leader company in Research + Development, that offers imaginative and advanced solutions to industrial sectors, professionals and technical varied areas within fields that gather from food and alimentary products, to human health, feed, animal and veterinary, biotechnology and discovery of novel chemical entities and special molecules. Our impressive reference´s portfolio comprehends actually over 160.000 products, ranging from classic products and raw materials to the most advanced preparations and novel compounds. Our Brand products and formulated compounds act in a specific manner to any alleged problem planted by our clients and co-operators, as well as industry at large. We are constantly researching and growing to offer every day our best, in synchrony with our objectives as company, our mission, vision and overall, our values.

As a global company, our commercial success is depending exclusively from our ability and the techno-scientific capacity to create innovative products and brands, making efforts to give such value and doing it accessible to a large amount of consumers and people within the sectors and fields where those products and innovations are needed and demanded. Our business strategy and growing plan is outlined by the constant challenge that actual business climate and environment imposed, that all we are suffering alongside planet. Despite this situation, we are growing and progressing within our strategy of sustainable business, making possible that our products and services became accessible worldwide and establishing new and promising associations with first-line / high profile business companies to situate ourselves in the cutting edge of research, innovation and development, creating consolidated brands that add value to our efforts and let us to share such efforts with our clients, implementing it within their processes and operations.

These elements mixed in an efficient way, makes possible the implementation of the growing value chain around every product and service within the ascendant line that our business company traced from the very beginning of its activity and the real origin of this small big family that ND Pharma & Biotech is finally. An impressive array of success and achievement valued actually in hundreds of million pounds/euros, as an active and dynamic portfolio that our scientific direction administers in conjunction with our IP property conforming the highest value within our company, with an impossible to calculate perspective and horizon of development and future goals to reach.

Because these and to many other reasons, our company promotes and establish ties and strategic associations with existing companies, most of them leaders within the markets, in order to set the common basis for advancement, progress and mutual prosperity and reciprocal cooperation.
